Ms. Crawford's Bi-Weekly News

Vol. 6

DEAR FRIENDS & FAMILY

Nelson Mandela said, "Education is the most powerful weapon which you can use to change the world." Our classroom knows this to be true. I am proud of our students, and not just because we extend compassion to others. I am also proud of our challenging academic efforts and progress. We are well on our way through the fall program and I am excited to see how each and every student advances as we continue to grow and learn. Thank you for letting your child be a part of my classroom.

--Ms. Crawford

On the 30th, we have our Halloween Class Bash. Our lessons are on astronomy and students are encouraged to bring something to class that they would use to survive on another planet. If you would like to volunteer with supplies or in person please reach out to me via email on my website.*

**Please advise no weapons of any kind are allowed on school property.*

Since Last Newsletter:

We had fun learning about climate changes and the effects on wind in our science lab...

ACADEMICS

We have been very busy since August and continue to learn new concepts each week while building on our previous week's learnings. This coming month we are building on our studies of anatomy and how they help us survive climate and atmospheric changes, while we learn new facts about our planet. Our in class lab assignments these next two weeks will include the layers of the atmosphere and link those to other planets. Some day and night time views of the sky and clouds may help broaden learning.

Reminders:

Lab Portfolio Part 1 Due:
Tuesday, October 30, 2018

Halloween Class Bash:
Tuesday October 30, 2018

Parent Teacher Conference:
Tuesday November 6, 2018 6pm

Visit our class website or contact me @

School Updates

STUDENTS SUPPORT SUSTAINABILITY

The school garden has been growing record numbers this year. We have also begun our own composting center and plan to reduce waste entering the landfills. We often are looking for volunteers to help tend the garden and donate supplies if anyone would like to help with care of the garden please contact office admin to see how you can make a difference. Volunteers of all ages are welcome.

School Mission Statement

123schools is a diverse community of learners - students and teachers alike - who are poised to discover, challenged to innovate, and motivated to succeed.

**Mid-Semester Evaluations:
Went out last week**

**Thanksgiving Break:
November 21st - 23rd
(all admin offices will be closed)**

BE A GAME CHANGER

Discovering your path to success is imminent. Ignite your creativity. Develop your talents. Think outside the box. Conquering life's challenges is your passion. Become a Warrior and be a game changer.

TAKE-A--LOOK

Tuesday Tours
At 9:00 a.m.

See our campus and join our school!
